Section overview

In JeraSoft Carrier Suit, **payment terms** are implemented as sets of rules and regulations that define the [clients'](#) **payment dates** and **noticing periods** (before and/or after the payment day). Primarily, they help to make the clients' [invoicing](#) easier and faster by allowing to use **auto-invoicing profiles**. Payment terms are indicated in clients' profiles.

The section constitutes a list of profiles that determine **payment terms**. Structure of the section is presented on a screenshot below.
