

Management

This chapter outlines how **the main components of JeraSoft Billing** could be used to provide various management capabilities through the system.

Take note that while navigating throughout the **system**, you will come across plenty of tool-tips to provide a better understanding of the system mechanisms. It's easy to determine, whether there is one or not. All tool-tips in the system are shown as the text with a dotted underline, for example,

. All you need is to hover over it, and additional information becomes visible.

The list of management section includes:
