Section overview

The Call Shops section allows you to create and manage call shops networks. Each call shop is a **RADIUS-based** customer. That's why for correct work of the Call Shops section, RADIUS must be enabled. The section consists of all existing call shops, each containing such details as name, balance, rate table, etc. (see screenshot below).

When all information is entered, click **OK** and a call shop will appear on the list.

Steps to activate a call shop

When a call shop is created, you will be forwarded to the **Accounts** section. To activate a call shop, you need to follow these steps:

1. In the **Accounts** section, create an account for your call shop's account. Specify a rate table here if you didn't indicate it in call shop's settings.
2. Return to the **Call Shops** section. Your call shop will be marked as Ready. To proceed, click on its name.
3. Fill in the respective form (see screenshot below) and click the **Activate** button. Now your call shop is ready.

Initial Payment: USD

Credit Limit: USD

Interval Reload

You may also **set an interval** for call shops list **reloading**. To do this, click the **Reload Interval** button and select the value from the drop-down list.

Attention

Please note that the **Calculator** tool must be in a **real-time mode** for correct Call Shops work.

Finalize/Reactivate a Call Shop

According to your demands, you can change the active period of the call shop.

Therefore, you may finish the call shop activities by clicking the **Finalize** button. Or you can reactivate the same call shop when it's over by clicking **Reactivate** on the toolbar.

To open the window with respective settings, click on the name of the call shop when it's already activated.
