Section overview

This section is designed to provide a wide variety of functions to control and manage subscriptions. First and foremost, in this section a user can assign a relevant package to a respective client or client's account, edit and cancel it, etc. Moreover, there is detailed information regarding all the limits that have been used over a set period. The section is presented in the form of a table with the following columns:

	Allows a user to stop the package at the end of the current period.
	Cancels the active package
	Removes a subscription completely

Advanced Search

By default, the information in a section is filtered by **Pending** and **Active** statuses. To open the **Advanced Search** drop-down menu, click on a red downward arrow  icon and fill in the following fields with the required information:

Screenshot: Advanced Search drop-down menu

Field	Description
Package	Indicate the name of a target package
Client	Specify a target client
Account	Specify a client's target account
Status	Select the status of a package: <ul style="list-style-type: none"> • Pending • Active • Archive
ID	Specify a respective subscription ID

To apply the specified search criteria, click the **Search** button; to cancel the applied parameters, click **Reset**.

Assigning a New Package

Click the **Assign Package** button for a new pop-up window with settings to appear. Then, fill in the form and click **Apply**. You can assign any number of packages. They will be activated when the **Package Manager** service runs, and if a customer has enough balance for activation+subscription fees.

	<i>Rate, (currency)</i>	Indicate the price for a fee. Price is indicated in the package currency. This price will overwrite the fee of a Package

Warning

To delete the package completely, you need to do the following:

Editing a Subscription

To make it easier for a user to keep records of package limits, a new **Limits History** information block on an **Edit Subscription** page has been introduced in **VCS 3.15.0**. It provides a detailed view of package limits for each specified period.

⚠ Attention

When you change the **name of the package** in the **Retail > Packages**, it will be automatically changed in the **Management > Subscriptions** section as well, even if this package is already assigned. As a result, in the **Invoices** and **Transactions** sections, an **old** name of the package will be specified. **We do not recommend to edit the name of an already assigned package in the *Retail > Packages*.**
